CMC Unveils New Name, Logo, and Unified Brand Identity

Five promotions reflect continued growth and commitment to safety, reliability, quality, and customer service

Charleston, SC (January 27, 2026) — CMC today announced a major milestone in its journey, formally launching as one unified organization under a single name and brand: CMC. More than two years ago, Marine Repair Service – Container Maintenance Company (CMC), ITI Intermodal, Inc. (ITI), and Columbia Container Services (CCS) came together with a shared vision of safety, excellence and service. After a successful two-plus-years transition integrating operations, culture, and customer experience, the three companies now move forward as one family, one brand—CMC.

This launch represents the strength of their combined expertise and a continued commitment to reliability, quality, and the people and partners they serve. The new name and logo reflect the company's evolution into a unified organization built on shared values of safety, family, quality, and service.

“This transformation represents the next step in our journey together,” said Vince Marino, Chief Executive Officer of CMC. “Our new name and logo symbolize the strength that comes from the unity of three family-founded companies growing into one cohesive team. CMC stands for our shared commitment to safety, reliability, integrity, and the long-term relationships that define our success.”

While the company's name and visual identity are new, CMC's dedication to excellence remains unchanged. The organization will continue providing best-in-class maintenance, storage, and repair services for containerized freight across the South, Northeast and Midwest regions.

Rooted in family values and a tradition of integrity, CMC's leadership emphasized that this brand evolution strengthens collaboration across its network and reinforces its ability to deliver consistent, high-quality service to customers they serve.

As part of the company's continued growth, CMC also announced five key leadership promotions that will further enhance its operational excellence and customer service:

- Sam Cermack promoted to Executive Vice President, reporting to CEO Vince Marino
- Bryan Blalock promoted to Chief Operating Officer, reporting to EVP Sam Cermack
- Davey Miller promoted to Senior Vice President South Region, reporting to COO Bryan Blalock
- Michael Wojnowski promoted to Senior Director, reporting to SVP Davey Miller
- Allison Czernski promoted to Senior Vice President, Corporate Administration

These appointments reflect CMC's commitment to recognizing and advancing internal talent, ensuring strong leadership as the company moves into its next chapter.

"Bringing our teams together has made us stronger, more efficient, and better equipped to serve our customers," Marino said. "As we continue to grow as one family and one brand, we are also proud to recognize the outstanding team members whose promotions reflect the opportunities that unity creates, both within our company and across this industry. This new identity represents who we are today: one family, one brand, working together to build a stronger future."

With a unified brand, a shared vision, and a renewed sense of purpose, CMC begins this next chapter positioned for sustainable growth and continued success.

ABOUT CMC

CMC provides a full range of intermodal equipment maintenance and repair, storage, drayage, and over-the-road services that keep supply chains moving efficiently. Operating in 15 states across the South, Midwest, and Northeast, CMC leverages a strong intermodal network and deep industry partnerships to ensure cargo flows seamlessly. With a focus on safety, reliability and minimizing equipment downtime, CMC is committed to delivering best-in-class service across every aspect of its operations.
